Rate Relief Applications

Report by the Census Head of Revenues & Benefits

1.0 Summary

1.1 This report asks the Cabinet Member for Resources to note and approve applications for rate relief to non-domestic ratepayers.

2.0 Background

2.1 Under the Local Government Finance Act 1988, the Council is

- obliged to give 80% national non-domestic rate (NNDR) relief on any property occupied by a charity;
- obliged to give 80% NNDR relief on any property occupied by a sports club registered with the Inland Revenue as a Community Amateur Sports Club (CASCs) (effective from 1 April 2004);
- has the discretion to give up to a further 20% NNDR relief on property occupied by charities, CASCs, non-profit making organisations and recreational bodies;
- has the discretion to give up to 100% NNDR relief on property occupied by ratepayers suffering hardship if it is in the interests of council taxpayers.

2.2 The Council has an agreed policy for the granting of discretionary rate relief to charities, non-profit making organisations and other recreational bodies under Section 47 of the Act. It is proposed the same criteria is used for the granting of hardship relief to business ratepayers under Section 49 of the Act both of which are reproduced at Annex 1.

3.0 Costs

3.1 All NNDR monies collected are paid into a central pool, which is redistributed, to district councils on a per capita basis. The costs of the mandatory 80% relief for charities is met from the pool and has no further impact on this Council's finances.

3.2 Any discretionary relief, between 0% and 100%, is the billing authority's decision i.e. Adur District Council, and has a direct cost to the Council, as in the table below:

Body	Relief	Met by Central Pool	Met by district council
Charity/CASCs	a) Mandatory – 80%	100%	-
	b) Discretionary – up to a further 20%	25%	75%
Non-profit making	c) Discretionary – up to 100%	75%	25%
Business ratepayer	d) Hardship – up to 100%	75%	25%

3.3 The budget provision for 2014/15 for the cost of discretionary rate relief to the Council is £26,560. Monies allocated so far = £28,392.98, of which £21,294.74 has been met by the council.

4.0 Mandatory Relief

4.1 The information in the schedule at Annex 2 gives details of new NNDR accounts where registered charities are in occupation and where 80% mandatory rate relief has been given. This mandatory rate relief is for noting only.

5.0 Discretionary Relief

5.1 Discretionary relief falls into two main categories, a potential 20% for charities and CASCs (to bring their total relief up to 100%) and all other applicants between 0% and 100%.

5.2 Any organisation who in the future attain the status of a CASC would become entitled to mandatory relief of 80% and would then be considered in line with other charities.

5.3 As previously requested by Members, all organisations applying for discretionary rate relief and deemed suitable to register as a CASC were written to in these terms and some guidance notes were also provided.

5.4 The information in the schedule at Annex 2 gives details of new NNDR accounts where registered charities are in occupation, where 80% mandatory rate relief has been given and where up to 20% discretionary rate relief has also been applied for. These applications for up to 20% discretionary rate relief are for the Cabinet Member's determination. Also included are copies of the relevant supporting information provided by applicants.

5.5 The information in the schedule at Annex 3 contains details of non-profit making/recreational organisations where up to 100% discretionary relief has been applied for the period shown. These applications for up to 100% discretionary rate relief are for the Cabinet Member's determination. Also included are copies of the relevant supporting information provided by applicants.

5.6 The amounts shown in the Annexes under the headings for mandatory and discretionary rate relief for 2012/13 are based on the percentage of discretionary relief approved for the previous year, if applicable. The Cabinet Member is requested to determine applications by granting a percentage relief for the current year.

Please note: The supporting information from applicants to supplement Annexes 2 and 3 of this report is exempt from publication, as defined in paragraphs 1 and 2 of Part 1, Schedule 12 A, Section 100A(4) of the Local Government Act 1972.

- ii) Each case will be considered on its own merits.
- iii) Relief will only be given where a facility is regarded as unique or essential to the local community, where without such a relief would be lost and where no reasonably accessible alternative is available.
- iv) In determining hardship, all relevant factors affecting the ability of a business to meet its liability for rates will be taken into account.
- v) Any decision to grant relief must be in the interest of the council taxpayers of Adur District Council.

GOOD PRACTICE

The Housing and Central Services Committee considered a report at its meeting on 25th February 2003 which reviewed the criteria previously agreed by Members and which detailed the criteria the Department of the Environment (DoE) considered should be taken into account when considering individual cases for relief.
