

Write Offs

Report by the CenSus Head of Revenues and Benefits

1.0 Summary

- 1.1 The report considers debts to the Council under a number of headings that are recommended for write off.

2.0 Background

- 2.1 The Council is responsible for the collection of income over a number of heads - local taxes such as council tax, national taxes like business rates, charges for council services and council house rents
- 2.2 The Council's accounts will initially show the gross amount of such income due to it but prudent financial management requires that the accounts must also reflect a realistic assessment of those outstanding debts that are unlikely to be collected.
- 2.3 Once it has been decided that a debt is uncollectable or not cost effective to pursue, it should be written off against any bad debt provision made. The Chief Financial Officer presently has delegated power under item 4.1.2 (page 3-49) of the Council's Constitution to write off amounts up to £2,500 as irrecoverable and these will be notified to Members through the Members Bulletin as and when appropriate. Amounts over £2,500 which it is proposed to write off are submitted individually to the Executive Member for consideration.
- 2.4 The Council should properly write off **non-domestic rates** where the ratepayer has been declared bankrupt or the business concerned has gone into receivership or liquidation or has absconded from the district. Any amounts properly written off are charged against the central non-domestic rates pool and has no further impact on this Council's finances
- 2.5 As a matter of law, local authorities are under an obligation to take reasonable steps to collect **council tax** debts. There are, however, many situations where the local authority is justified in writing off debts, as listed below:-
- (i) The Magistrates Court waives all or part of the tax;
 - (ii) The taxpayer is committed to prison;
 - (iii) The taxpayer is declared bankrupt, provided that a claim has been made;
 - (iv) The taxpayer dies insolvent, provided that a claim has been made on the estate;
 - (v) The taxpayer has left the property and the local authority is unable to trace them;

- (vi) As for (v), but where the debt is small, write off can be done without taking steps to trace the taxpayer;
- (vii) Local Authority Benefit error where an overpayment has occurred and the claimant could not have been reasonably expected to know that an excess benefit had been paid.
