Liquid lounge gave me a job for over year and let's me come back at work in my holidays while I'm at university. I know first hand how amazing all the bouncers, managers, dj's and bar staff are. Everyone works so hard to make sure the customers are safe, enjoy themselves and have everything they need for a great night out. I feel safe working there as the bouncers always ask anyone that has a little to much to leave and if staff have an problems they are resolved quickly and efficiently. Young people in Worthing have little to do therefore get bored easily and think fighting and getting really drunk is fun. Liquid is one of the only nightclubs in the area therefore get the brunt of this behaviour. All of the staff do there best to prevent this and meetings are held to discuss how we can handle situations throughout the year and what to look out for. Many people rely on liquid for many reasons. If it closed there would be so much more trouble on the streets of Worthing at the weekends. Liquid can deal with the issues if faces and they will resolve them.

for the petition : i worked in liquid lounge for 3 years since i was 18 as a member of the promotions team not only did it provide me with a job along side my studies but also i formed a good friendship with all those that also worked at the club. It was always well managed with a friendly atmosphere and it would be such a shame for this venue to be shut down. Any trouble that i did see was always delt with in the correct manner immediatly and i do feel that if the club is shut down it will not eliminate trouble with fighting from the area nearly move the trouble elsewhere - perhaps to somewhere that is less easy to deal with the issues as they arise.
