Record of Decision: JAW/001/23-24 Adur Car Park Tariff Review

Decision taken by:

Adur Cabinet Member for the Environment and Leisure
Worthing Cabinet Member for Regeneration

Declaration of Disclosable Pecuniary Interests:

WBC Cabinet Member for Regeneration: I hereby confirm that I do not have any disclosable pecuniary interest in this item.

ADC Cabinet Member for Environment & Leisure: I hereby confirm that I do not have any disclosable pecuniary interest in this item.

Decision:

Adur Cabinet Member for Environment & Leisure: I agree that the Director for Operations and Sustainability be delegated to implement the tariff changes, set out in detail in the body of the report:

- To agree to the proposed tariff changes in a number of Adur surface car parks.
- To agree to the proposed season ticket tariff changes in a number of Adur surface car parks.
- To agree to introduce Monthly, Quarterly and yearly season tickets at Littlecroft car park, Lancing

WBC Cabinet Member for Regeneration: I agree to abstain from this decision as it is primarily an Adur matter.

Key Decision: No

Reason For Decision:

Our car park tariffs still represent good value for money for those using them and in turn support the local businesses. Moving forward the extra funds raised will have a positive impact on improving and encouraging more sustainable modes of transport for those able to use them, increasing things such as more cycle storage.

Alternative Options Considered:

To leave tariffs as they are would not give us the opportunity to raise monies for environmental improvement projects.
