COUNCIL

Adur Licensing Committee
16th January 2023
Item 6

Ward: All in Adur

Key Decision: No - Not Executive

Approval of Licensing Fees 2023/24

Report by Director for Communities

1.0 Summary

- 1.1 Licensing Fees should be set by the Licensing Committee as it is not an executive function of the Council.
- 1.2 Councillors are asked to consider the fees set out in Appendix 1 to apply from 1st April 2023.
- 1.3 Councillors are requested to approve the scale of fees proposed within Appendix 1 to apply from 1st April 2023.

2.0 Background

- 2.1 Fees for Licensing functions within Public Health and Regulation have not been reviewed for a number of years and it is appropriate that these are now reviewed.

3.0 Proposals

- 3.1 The table below summarises the estimated indicative forecast income for 2023/24 after considering change in volumes and financial impact of the fees proposed to apply from April 2023 as detailed in Appendix 1.

Adur District Council	Budgeted income for 2022/23 £	Forecast income for 2022/23 £	Indicative forecast income for 2023/24 £
Discretionary Charges (i.e. where fees are set by Adur District Council)			
Taxi Licensing	77,460	77,460	79,000
Misc Licensing (Scrap Metal, Pavement, Animal Welfare, Street Trading)	2,610	1,300	1,455
Total Discretionary Charges	80,070	78,760	80,455
Statutory charges (i.e. where fees are prescribed by Government)			
Licensing Act 2003	44,980	31,640	31,640
Gambling Act 2005	1,650	4,000	4,000
Total Prescribed Charges	46,630	35,640	35,640
Total income Estimates	126,700	114,400	116,095

- 3.2 The Committee are reminded that the taxi licensing service operates on a self financing, year-by-year basis. Scrap metal licensing operates on a similar basis. This means that the Council has the discretion to set fees for these services on a cost recovery basis with appropriate adjustments for any over or under spend from the previous year. In the event that any one of these best estimates proves to be too wide of the mark revised fees will be calculated in order to comply with the statutory requirements and these would be brought back to the Licensing Committee.
- 3.3 The table above also lists those statutory services where fees and charges are prescribed by Government. Changes in the level of fees and charges set by Government are implemented as and when they are issued by the appropriate Department and communicated to service users through appropriate channels, e.g. through the Council's website.
- 3.4 The pandemic has affected businesses within the licensing regime with a reduction in the number of licences renewed and new applications. To date in 2022 we are starting to see the numbers of licences recover although the speed of this is likely to be affected by the current cost of living crisis.
- 3.5 Costs incurred by the council in running the licensing service have increased since the fees were last reviewed. On average all fees have increased after considering

the Council's proposed inflation increase of 2% with the exception of Statutory Charges (set by Government) and Hackney Carriage and Private Hire licence fees.

- 3.6 Hackney Carriage and Private Hire fees have undergone a thorough cost analysis to ensure the costs of the licence reflect the cost of producing and administering the service. A breakdown of the taxi fee analysis can be found in Appendix 2.
- 3.7 The in-depth cost analysis of the Hackney Carriage and Private Hire fees has resulted in some fees going up, some going down and some staying the same. However these fees have been calculated to reflect the cost in administering and issuing each of the licences.
- 3.8 Current Government guidance states that 3 year driver licences and 5 year operator licences should be provided except for in exceptional circumstances. By offering longer term licences this provides greater protection to licensees as it reduces the risk of licences expiring after a year. Hackney Carriage and Private Hire fees have been amended to reflect this guidance.
- 3.9 The categories of operators have also been expanded from 21+ vehicles to 21-30 vehicles and 31+ vehicles to reflect the increased work involved with larger operators.
- 3.10 The Adur Hackney Carriage and Private Hire account is currently operating on a deficit and it is anticipated that the review fees should provide for cost recovery. Future adjustments will be made for any over or under spend in future years.
- 3.11 The Hackney Carriage and Private Hire Summary Account can be found in Appendix 3.
- 3.12 If Councillors are minded to change the Hackney Carriage and Private Hire fees as detailed in Appendix 1, the Council shall place a notice in a local newspaper setting out the changes to the vehicle and operator fees and inviting representations on those changes within 28 days. A copy of the notice shall also be available at Council Offices for inspection. Should objections be received the Council should consider these and set the fee with or without modification. It is proposed that the Public Health and Regulation Manager be delegated to set the fee in consultation with the Chair of the Licensing Committee not later than 2 months after the notice expires.
- 3.13 Animal Welfare Licensing fees have increased by approximately 20%. Since the introduction in the new licensing regime it is apparent that fees were originally set to low and the fees have been increased to reflect actual costs of running the service.
- 3.14 Nationally there has been a transition of Gambling activities from the high street to online and it is likely we shall see this trend continue. The Council currently charges the statutory maximum fee for all Gambling activities with the exception of the transfer and reinstatement of Adult Gaming Centre fees. These have been increased to the statutory maximum.

4.0 Legal

- 4.1 Licensing authorities may only set fees which are reasonable and proportionate to the cost of the licensing process and the issuing of the licence. (R(Hemming) v Westminster City Council (2017)). Further, licensing authorities' entitlement to recover from the licensing fee the costs of the licensing regime are governed by the empowering statutes, often limited to cost recovery only, or a reasonable amount. If any set fees are considered unreasonable, the Council could be liable to challenge by way of Judicial Review.

5.0 Financial implications

- 5.1 Setting of discretionary fees and charges is delegated to the Head of Service in consultation with the Head of Finance and the relevant [Executive Member/Committee].
- 5.2 The proposed changes to fees set out in Appendix 1 is not expected to result in a significant variation in annual discretionary fee income compared to 2022/23. It is not expected that this review will have a significant impact on the number of discretionary licences in issue. Adur licencing income as a whole is currently underachieving against annual budget by around £12,000 but this is largely due to a reduction in the number of statutory set licences in issue.

6.0 Recommendation

- 6.1 To approve the scale of licensing fees proposed within Appendix 1 to apply from 1 April 2023.
- 6.2 Should representations be received following the Council placing a notice in a local newspaper setting out the changes to the vehicle and operator fees and inviting representations on those changes within 28 days then these will be considered by the Public Health and Regulation Manager in consultation with the Chair of the Licensing Committee.
