

Extract from the Joint Strategic Committee - 7 July 2020

[JSC/XX/20-21](#) [Southwick Green](#)

Before the Committee was a report by the Acting Director for Environmental Services, copies of which had been circulated to all Members and a copy of which is attached to the signed copy of these minutes as Item 15.

The report requested that Adur District Council, as sole trustee of Southwick Green, grant permission for the installation of vehicular exclusion measures via the Joint Strategic Committee under its delegated authority to act.

The Committee was advised that a virement of monies, to fund the immediate installation of gates, bollards and benches in strategic positions around the Green to prevent unauthorised vehicular access, would be required.

The recommendations in the report were proposed by Councillor Neil Parkin, seconded by Councillor Carson Albury and unanimously approved.

Decision:

The Joint Strategic Committee

- i. granted permission to install proposed Southwick Green vehicular exclusion measures;
- ii. approved the creation of a budget for these works of £60,000 funded by budget virements;
- iii. **recommended** that Adur District Council, as Trustees of Southwick Green, note this resolution of the Joint Strategic Committee, made on behalf of the Trustees.
