3.2. The details of the petition state:

We call on Adur District Council to declare a 'Climate Emergency':

1. Pledge to make Adur District carbon neutral by 2030, taking into account both production and consumption emissions;

2. Ensure Adur Council's leadership continues by practising and promoting investment in renewable technologies by Adur Council, its business delivery partners, suppliers and businesses trading within and from the Adur area;

3. Work with other councils to insist that Westminster and the County Council provide the powers and resources to make the 2030 target possible and themselves work with other councils and governments (both within the UK and internationally) to determine and implement best practice methods to limit Global Warming to less than 1.5°C;

4. Continue to work with partners across Adur and more widely to deliver this new goal through all relevant strategies and plans;

5. Provide an outline strategy within 6 months to ensure the transition to a zero carbon future by 2030 is initiated.

3.3. Qualifying petitions are defined in the Petition Scheme as those petitions containing more than 1,000 signatures and including a minimum of 50 names, addresses and signatures of people who live, work or study in the District of Adur. The petition contains 1,154 signatures, exceeding the 50 person minimum and meets the relevant criteria to be considered as a qualifying petition.

3.4 Under the Adur District Council Petition Scheme the Petition Organiser, Mr Bradbury, is to be provided with the opportunity of five minutes to address Council on the petition. The Leader then has five minutes to address Council with their right of reply to the petition.

motion as a proposal for the appropriate disposal of this matter. Such a proposal will need to be seconded, debated and voted upon in accordance with the Council Procedure Rules. A range of suggested responses and ways of disposal are available and set out within the Scheme, and include, but are not limited to:
